### Zoo Pass Available to 2019 Arc Members!

The Arc of Omaha has a free Family Zoo Pass available for use by its 2019 members. It allows two adults and four children to visit the Henry Doorly Zoo. Please note the following rules for its use:

1. The pass can be used anytime the zoo is open.
2. Families may use the pass as often as they like, as long as it is available.
3. Families using the pass must sign it out, giving their name, address, phone number, date of use and date returned. If a family misuses the pass, it is possible that the pass may not be available for them to use again.
4. When families arrive at the zoo, they must present the pass and check in at the Visitors Center.

Call 402.346.5220 to reserve the Family Zoo Pass.
Sibshops is an award-winning nationally-affiliated program for youth ages six to thirteen years and is uniquely designed to provide high-energy activities for brothers and sisters of children with developmental disabilities. Sibshops is a place where siblings may obtain peer support and education within a recreational context while having fun, and allows sibs to connect with each other about similar experiences.

All ages (6-13) will meet from 6:30-8:30 p.m. (includes snack).
Participants split in age groups (6-8 and 9-13)

9 sessions $90 • 5 sessions $50
1 session $12.50
Non-Members cost: 9 sessions $125
5 sessions $60 • 1 session $15

Sibshops will be held at
UNO’s Community Engagement Center
on Tuesday evening from 6:30-8:30 p.m.

Upcoming dates are:
March 26, 2019 • April 11, 2019 (additional dates will be added)

What are Sibshops? For the adults who plan them and the agencies that sponsor them, Sibshops are best described as opportunities for brothers and sisters of children with special health and developmental needs to obtain peer support and education within a recreational context.

Sibshops seek to provide siblings with opportunities for peer support. As Sibshops are designed (primarily) for school-aged children, peer support is provided within a lively, recreational context that emphasizes a kids’-eye-view.

Please also let us know if you have a child who has “aged out” of Sibshops (14 or older). They may be eligible to participate as supportive mentors/volunteers during the program.

For RSVP’s and more information, please email jstocking@olliewebbinc.org or call 402-342-4418 ext. 10.
Parent to Parent Omaha is a parent-to-parent support program for families of newly-diagnosed children with developmental disabilities. The program offers information and emotional support through parent-to-parent matches and socialization activities designed both for parents and their children. The program also offers parent-to-parent matches for families of adolescents and adults with developmental disabilities.

PRISM (Parent Resource Information and Support Meetings) provide informational and support programs for families of individuals with developmental disabilities. Family-friendly meetings offer educational programs, disability-related information and the opportunity to network with other parents and children with disabilities. Childcare and transportation assistance is often available.

LET’S TALK ABOUT TRANSPORTATION!

This informational session will provide information and resources regarding transportation options in the Metro Area for varying needs. As an attendee, you will have the opportunity to hear from local transportation providers on the services they each offer. After the group presentation, providers will have resource tables set up allowing you to visit with agencies that meet your individual needs and ask any questions you may have.

Date: Thursday, March 21, 2019  
Time: 6:30-8:30 p.m.  
Location: UNO Barbara Weitz Community Engagement Center • Room 230-231

Best Buddies is a peer mentoring program for adults with intellectual and developmental disabilities. Through this program, adults with disabilities are matched to Creighton college students and participate in social and recreational activities, enabling these individuals to experience friendships with peers.

Celebrating 30 Years!

In 2019, Best Buddies International is proud to celebrate 30 years of inclusion for citizens with intellectual and developmental disabilities. Best Buddies impacts the lives of more than one million people and is active in over 53 countries across the world. Ollie Webb Center, Inc. (OWCI) is honored to be the Host Site working with Creighton University to pair Buddies with college Buddies.

Best Buddy Spotlight!

We are excited to highlight one of the happiest duos with the Creighton University Chapter of Best Buddies, Alan and Ellie. Alan and Ellie have been paired together for the past two years and love spending time with each other and participating in Best Buddies events. Alan has been a loyal member of the Best Buddies program for many years, joining before 2010. Ellie is a junior in college and currently serves on the Executive team as the Activities Coordinator. Ellie shared that, “I love Best Buddies because I enjoy building a relationship with someone that deserves as much happiness as he gives everyone around him. Alan is the light of my life because he is the most uplifting and positive person I know.”

Alexa Edwards, Program Coordinator • aedwards@olliewebbinc.org
1. LB 323 Disability Employment Bill- Linehan and Crawford
   a. Makes employment for people with disabilities easier
   b. Removes red tape and ensures more individuals can contribute to society
   c. Removes the trial work period that can cause people to lose life saving benefits

2. LB 17 Adoption Protection- Briese
   a. Last year we helped to pass LB 845 that provided protection for disabled parents in custody battles. This bill takes the next step in protecting parents in adoption cases.

3. LB 346 Special Education Reimbursements- Wishart
   a. Special education is currently underfunded particularly in rural communities
   b. This would ensure the support needed to ensure a fair and equal education and alleviate overbearing property taxes.

4. LB 311 Paid Family and Medical Leave Insurance Act- Crawford and Cavanaugh
   a. Many of our members and families have to take frequent leave in order to care for their family members making it hard to keep a job. This bill would help ensure that most businesses would provide paid leave.

5. LR 296 Continuation
   a. Last year we were able to get a study of Long Term Care Facilities. One of the main recommendations of the committee was that it be continued because there were so many horrific situations that needed to be fixed.

6. LB 733 Election Bill- Kolowski
   a. Over the last year we have been working on training, education, and helping to ensure that people with disabilities have access to vote.
   b. The Secretary of State has Federal Funds they have agreed to use in spaces we identified as problem polling locations
   c. This bill updates and harmonizes Nebraska Statute to put many of the remaining pieces in line.

7. LB 570 Olmstead- Walz
   a. Creates a Strategic Plan for the State to ensure people with disabilities are in the most inclusive setting possible
   b. The State is currently out of compliance with state and federal law. This bill will help to ensure they are back in compliance with both saving millions of dollars.

8. LB 705 ENABLE Clawback- Murman
   a. ENABLE ensures that people with disabilities are able to save money for large expenses without losing their benefits
   b. Clawback allows the state to take this money when a person dies. This bill would allow them to instead leave it to someone else with a disability or a nonprofit.

9. LB 147 Restraints and Seclusion- Groene
   a. We have led the charge against this bill in the past and it won't change this time
   b. This bill could allow teachers to use any force they want on a student
   c. This disproportionately affects students with disabilities

10. LB 540 Transition Funding- Walz
    a. This bill looks to protect transition services for young people
    b. Transition is one of the most difficult times in the life of a child with a disability. This bill helps to protect the services that are currently vulnerable.

The Art of Imagination classes are focused on the visual and performing arts. Classes offer artistic opportunities in traditional art forms such as painting, writing, drawing and photography and more. Theater classes include improvisation, playwriting, scripted pieces and radio drama culminating in rehearsals and public performances.

Innovative Arts – Acting and Performance Training at OWCI

With the success of the theatre production The White Gander this past October, Ollie Webb Center, Inc’s (OWCI) The Art of Imagination program has experienced an increase in participants asking about acting training opportunities and the possibility of working in other mediums in addition to the stage. In an effort to diversify the acting training program at OWCI, two new acting courses have been presented over the past few semesters. Voice Acting and Acting for Film are current courses now being offered as part of the 2019 Winter/Spring class schedule.

Both courses are being taught by Artistic Director Jim Hoggatt and will culminate with each participant creating a "demo reel" which can be posted to You Tube or iTunes. In the case of the Voice Acting course, the "demo reel" will consist of a short interview of each participant speaking about their experiences and interests, a radio play featuring the course participants as the actors and sound effects engineers, and a short commercial promoting a fictional product. As for the Acting for Film class, the "demo reel" will feature an on-camera interview, a short acting scene with a class partner, and a screen test. The final projects can be linked to each participant's Facebook page or website or shared with friends and families via email.

OWCI’s Education and the Art of Imagination programs are always striving to create desired and innovative courses that offer real-life training and skills for the program participants. The skills attained in these courses are intended to serve individuals in their present and future vocational pursuits, whether in obvious ways such as stronger acting skills for performers or more obscure but very important ways like increased self-confidence or public speaking proficiency. OWCI offers 30+ courses each semester in many different areas from career planning to culinary, hospitality and horticulture pursuits to visual and performing arts. Individuals can enroll at any time so if interested in learning more about this program, please contact Aimee Addison at aaddison@olliewebbinc.org or 402-346-5220 ext. 19.
The Continuing Education program extends the learning experience beyond high school. Classes are offered in a variety of formats and settings and focus on independent living, money management, social and employment-related skills. Courses provide a person-centered approach that focuses on increased independence as opposed to the maintenance of skills. A five day-a-week program is available and follows a typical college schedule.

CONTINUING EDUCATION

Leading the Way – Introducing Game Design

Ollie Webb Center, Inc. (OWCI) instructors Shannon Bittner-Miller and Isaac Luk previously taught two semesters each of Board Game Design and Video Game Development. Both offerings were a popular choice among Continuing Education program participants. Shannon and Isaac decided to collaborate and create a new and intermediary class between the two and the Game Design course was born.

In Board Game Design, program participants explored board games of different skill levels and the fundamentals of logic and rule-following. In Video Game Development, individuals learned about advanced topics in technology, including coding while creating their own video games. The new Game Design class serves as a bridge between these two classes promoting research and assessment of standard table top board games, while utilizing technology to create their own unique game.

Shannon and Isaac found that the class participants appreciate working from tablets (as opposed to desktop computers) because it helps link technology and practical interactive use. They introduced participants to the Microsoft Office Suite, including Excel, PowerPoint, and Word where participants can use templates to help develop original games. Participants also have the option of working from a class Google Drive account or creating their own.

Isaac shared that the individuals were excited for a new way to learn and are embracing being able to access their materials by signing into a Google Drive account. They have been able to show their proficiency in using technology in a world where the workforce is adopting technology more and more each day. Shannon noted that participants are embracing the challenge of learning how to use technology because of how much fun they are having with it. They are excited to work towards and see the finished product.

Participants in the class are learning real-world skills that they can use long after the class ends. They are using repetitive learning techniques and following step-by-step instructions and modules. Each class participant has been given their own “instruction manual” that guides them through the different sites they are using. It includes Word Searches and Word Scrambles that they can share with their family and friends as well as templates on creating their own. Participants are also learning about the free app, “Hopscotch” which facilitates the creation of original games while learning, and using basic coding. Madi, a participant in the class shared that, “I love the class because it teaches you a lot.” Those involved look forward to showing off their own technology-based original games at the end of the semester.
Supported employment is a community-based work option for adults with developmental disabilities. Supported employment is based on the premise that work should be accessible to everyone, regardless of disability. By providing the necessary support, people with disabilities increase their opportunity for community integration, independence and productivity. Services in this area include: Job Development and Job Coaching.

Celebrating Success in Employment!

Please join us in congratulating Joannie on 5 years of employment with Panera Bread!

Joannie began working with Ollie Webb Center, Inc.’s (OWCI) employment and education departments after moving to Omaha from Creighton, Nebraska. Joannie independently manages a weekly schedule to include work and classes and is very talented in both arenas. Joannie began working at Panera Bread in 2013 as a dishwasher and since 2013, has added a number of key responsibilities to her role and has now achieved the position of Dining Room Attendant.

“Joannie always has a smile on her face at work and the customers enjoy having her around. She manages a number of duties gracefully and is an incredibly hard worker. Joannie has an infectious laugh and her personality is a great asset to her environment. She utilizes her job coaching services as needed and we have seen her skills and abilities grow exponentially in the last 5 years. We look forward to seeing all that she can continue to achieve over the years”, shares Employment Manager, Blaine Villafuerte.

Congratulations!

Blaine Villafuerte, Employment Services Manager • bvillafuerte@olliewebbinc.org
Independent living services provide instruction for individuals who live in their own home (apartment or house) or in their family’s home. Education, training and support is provided to maintain or increase independent living skills, such as money management, health and safety, interpersonal relations, community awareness, recreational skills, nutrition, hygiene and leisure.

RentWise-Nebraska
Helping Nebraska renters move up!

RentWise Training in April

Ollie Webb Center, Inc. (OWCI) is excited to offer the Nebraska RentWise program in April of 2019. RentWise is a tenant education program that helps people find and keep decent, safe, affordable rental housing that meets their needs. Training dates are: April 4, 11, and 18 from 5:00 to 7:00 P.M.

Individuals who participate in the RentWise education program report they are more likely to use a spending plan with affordable rent, complete a neatly written rental application, request screening criteria when applying for rental housing, and practice good communication skills with landlords and neighbors.

Participants who complete the RentWise training at OWCI receive a certificate of completion, which can be shown to future landlords to help encourage the landlord to accept their rental application over others that may be applying. The certificate can also be shown during the Section 8 Housing Voucher Application to help give the individual priority on the waitlist.

The Section 8 Voucher Waitlist is published in the Omaha World Herald Sunday paper under the Houses for Rent section as well as the Omaha Star and El Perico newspapers. This announcement is typically published around March and October of each year.

What is a Section 8 Housing Voucher? The Housing Choice Voucher, an Omaha Housing Authority program is the federal government’s major program for assisting low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing available in the private market. Program participants are able to choose any housing that meets the requirements of the program and is not limited to units located in subsidized housing projects. OHA strongly encourages families to search for housing outside economically distressed areas. Section 8 participants may move at the end of their lease term to other locations anywhere in the United States where there is an agency operating a Housing Choice Voucher Program.

To qualify for the Housing Choice Voucher Program, participants must earn no more than 50% of the area median income. Eligible families generally are required to pay 30% of their adjusted income towards gross rent (owner rent and the amount of the utility allowance for tenant-paid utilities that are not included in the rent) to the owner.

This course is free but seating is limited! Please RSVP by March 29, 2019 to Lisa McMichael Independent Living Manager at lmcmichael@olliewebbinc.org or call 402-346-5220 ext. 24.
